

ABM Healthcare Support Services Awarded Contract with Regional West Medical Center

September 10, 2014

NEW YORK--(BUSINESS WIRE)-- [ABM \(NYSE:ABM\)](#), a leading provider of facility solutions, announced today that ABM Healthcare Support Services has been selected to provide environmental services for Regional West Medical Center (RWMC) in Scottsbluff, NE. RWMC is western Nebraska's and eastern Wyoming's primary resource for comprehensive medical care.

Under the multi-year, multi-million dollar partnership, ABM has begun overseeing all housekeeping operational aspects, including transitioning associates previously on staff, with an aim to enhance Regional West's ability to deliver excellence in patient care through a clean, healthy environment.

"ABM Healthcare Support Services was selected from among four firms that were considered for their expertise. We were seeking to improve efficiency and outcomes in our environmental services function," said Steve Hodges, RWMC's Vice President of Human Resources. "We're pleased to begin this partnership alongside a company whose expertise, training and resources will help us provide the very best patient experience possible."

[ABM Healthcare Support Services](#) delivers a complete portfolio of end-to-end services designed to support hospitals and healthcare systems. Serving over 300 hospitals nationwide, ABM provides an unmatched breadth of services and guaranteed performance-based results. ABM performs housekeeping and environmental services in over 25 million square feet of medical facilities, serves over 10 million meals, maintains over 500,000 medical devices and parks over 22.8 million cars for its healthcare clients.

"We're delighted to have been selected to undertake this new partnership alongside Regional West Medical Center," said ABM Healthcare Support Services' President Dan Bowen. "We've been thrilled with the momentum ABM's new Healthcare Support Services business has seen over the past year, and we look forward to ensuring that Regional West's environmental services needs are met in a world-class fashion."
