ABM INDUSTRIES ANNOUNCES SECOND QUARTER FINANCIAL RESULTS

Company Achieves 39.1% Increase in Income From Continuing Operations

SAN FRANCISCO, CA — June 7, 2005 — ABM Industries Incorporated (NYSE:ABM), a leading facility services contractor in the United States, today reported income from continuing operations for the second quarter of fiscal 2005 was \$10.1 million (\$0.20 per diluted share), up 39.1%, compared to \$7.3 million (\$0.15 per diluted share) for the prior year second quarter. Sales and other income for the second quarter of fiscal 2005, were \$639.6 million, up 10.1% from \$580.9 million in the second quarter of fiscal 2005, up 43.2% compared to \$7.3 million (\$0.15 per diluted share) for the second quarter. On June 2, 2005, the Company completed the sale of substantially all of the operating assets of its wholly owned subsidiary, CommAir Mechanical Services, which was included in discontinued operations. The Company will realize a pre-tax gain from the sale of CommAir Mechanical Services of approximately \$21.0 million in the third quarter of fiscal 2005.

"We're very pleased with the performance of our business," commented Henrik Slipsager, ABM's president and chief executive officer. "Quarterly sales reached an all-time high for a second quarter and, exclusive of one-time items, net income was in line with previous guidance, despite higher costs associated with Sarbanes-Oxley compliance."

Slipsager continued, "The Company's sales grew due to contributions from acquisitions, new customers in all operating segments, and an expansion of services with existing Janitorial and Engineering customers. Our Parking, Security, Engineering and Lighting businesses posted double-digit growth in operating profits. Parking benefited from new contracts, improvement at airport locations due to increased air traffic across the country, and the termination of unprofitable contracts. Profit contributions from SSA, Sentinel, and Amguard acquisitions enabled Security to achieve year-over-year growth of 37.9% despite absorbing a pre-tax charge of \$0.4 million for bad debt."

Quarterly income from continuing operations include a number of one-time items. As previously announced by the Company, the Janitorial operation recognized a \$6.3 million pre-tax charge, or \$3.8 million (\$0.08 per diluted share) after-tax, for amounts awarded to the plaintiff in a discrimination lawsuit following the Company's loss on appeal. The Company has further appealed to the Washington Supreme Court. Substantially offsetting this charge, the Company recognized a \$2.7 million (\$0.05 per diluted share) income tax benefit from the settlement of prior year state tax audits and recorded a \$1.2 million pre-tax gain, or \$0.7 million (\$0.01 per diluted share) after-tax, related to indemnity payments received on the Company's World Trade Center insurance.

The second quarter of fiscal 2005 had one fewer workday than the comparable period in fiscal 2004, resulting in an after-tax benefit of \$1.4 million (\$0.03 per diluted share) on contracts with

variable labor cost but fixed monthly pricing. On a fiscal year-to-date basis, workdays were the same as the comparable prior year period.

The Company's income from continuing operations during the first six months of fiscal 2005 was \$18.2 million (\$0.36 per diluted share), up 35.4%, compared to \$13.4 million (\$0.28 per diluted share) for the same period last year. Sales and other income for the six months ended April 30, 2005 were \$1.28 billion, up 11.8%, compared to \$1.14 billion for the comparable period last year. Net income, which includes income from discontinued operations, was \$18.4 million (\$0.36 per diluted share) up 34.8% compared to \$13.7 million (\$0.28 per diluted share) to \$10.28 per diluted share) and the first shalf of 2004.

"ABM is focusing its financial and management resources on businesses that contribute to our position as a leader in the facility services industry," Mr. Slipsager continued. "Our financial position remains very strong. At the end of the second quarter, excluding the proceeds from the CommAir sale, the Company had over \$52 million in cash and cash equivalents, approximately \$246 million in working capital and no debt giving us the base to expand our existing operations by continuing to execute ABM's acquisition strategy."

Mr. Slipsager concluded, "Given the current economic climate, our operations are expected to continue to generally perform at or above our earlier forecasts. The time and costs associated with the initial certification of internal controls, as required by Section 404 of Sarbanes-Oxley, is higher than anticipated. Reflecting continued operational strength and the previously mentioned third-quarter gain related to the sale of CommAir, we are increasing our fiscal 2005 guidance for net income to \$1.17 to \$1.23 per diluted share."
