This release refers to certain non-GAAP financial measures described as "Adjusted EBITDA" defined as earnings before income from discontinued operations, net of taxes, interest, taxes, depreciation and amortization and excluding items impacting comparability, "Adjusted EBITDA margin", "Adjusted income from continuing operations," and "Adjusted income from continuing operations per diluted share". These adjustments have been made with the intent of providing financial measures that give management and investors a more representative understanding of underlying operational results and trends as well as the Company's operational performance. Management also uses Adjusted EBITDA as a basis for planning and forecasting future periods. Please refer to the accompanying financial schedules for supplemental financial data and corresponding reconciliation of these non-GAAP financial measures to certain GAAP financial measures. We round amounts in these schedules to millions and calculate all percentages and per-share data from the underlying whole-dollar amounts. As a result, certain amounts may not foot, crossfoot, or recalculate based on reported numbers due to rounding. Unless otherwise noted, all references to years are to our fiscal year, which ends on October 31.

#### **Third Quarter Performance**

For the third quarter of fiscal 2017, revenues of approximately \$1.3 billion increased 1.7%. Excluding the Company's Government Services business, which was sold on May 31, 2017, organic revenue increased 2.3% compared to the third quarter of fiscal 2016. The Company's organic revenue performance was driven primarily by growth stemming from both new business wins and expansions with existing clients, including greater Work Order (tag) sales. In addition, acquisitions provided \$8.7 million of incremental revenues during the quarter primarily related to the Aviation and Technical Solutions segments.

On a GAAP basis, income from continuing operations was \$32.9 million, or \$0.58 per diluted share, compared to income from continuing operations of \$32.9 million, or \$0.58 per diluted share last year. Income from continuing operations versus last year reflects higher revenue contribution, higher savings related to the Company's 2020 Vision initiatives, and favorable items impacting comparability. This performance was offset by one additional working day this year, which primarily impacted the Business & Industry segment. Additionally, a contract termination within the Company's Aviation segment impacted the quarter negatively.

Adjusted income from continuing operations for the third quarter of 2017 was \$29.1 million, or \$0.51 per diluted share, compared to \$30.6 million, or \$0.54 per diluted share for the third quarter of fiscal 2016. The decrease versus last year is attributable to the aforementioned factors, but excludes items impacting comparability. A full description of items impacting comparability can be found in the "Reconciliation of Non-GAAP Financial Measures" table.

Net income for the third quarter of 2017 was \$32.9 million, or \$0.58 per diluted share, compared to net income of \$31.1 million, or \$0.55 per diluted share last year.

Adjusted EBITDA for the quarter was \$57.3 million compared to \$61.1 million in the third quarter of fiscal 2016. Adjusted EBITDA margin for the quarter was 4.3% versus 4.7% last year. The decrease in margin versus last year is primarily attributable to one additional working day during the quarter, which offset higher savings related to the Company's 2020 Vision initiatives.

Scott Salmirs, President and Chief Executive Officer of ABM Industries, commented, "Since the announcement of our 2020 Vision, we have taken several important steps in our evolution towards becoming a company led by our industry group expertise and focused on long-term profitable growth. Our ongoing work of instituting the ABM Way is empowering us to approach our business more informatively and discerningly. As today's results demonstrate, we continue to grow and learn through our transformation and we are encouraged about the long term opportunities the continued implementation of our 2020 Vision will yield."

### **Operating Results**

For the third quarter of fiscal 2017, revenues increased by \$21.5 million, or 1.7%, compared to the third quarter of fiscal 2016. The increase in revenues was attributable to organic growth in the Aviation segment's domestic operations related to parking, transportation, cabin cleaning, catering, and passenger services for new and existing customers. The Company also experienced organic growth in the Business & Industry segment as a result of higher janitorial and facility services revenues in the Company's U.S. and U.K. operations. In addition, acquisitions provided \$8.7 million of incremental revenues during the quarter primarily reflected in the Aviation and Technical Solutions segments.

Operating profit for the quarter was \$22.6 million compared to \$18.5 million in the third quarter of fiscal 2016. The increase versus last year is primarily attributable to the aforementioned lower, year-over-year items impacting comparability, higher revenue contribution, and procurement and organizational savings related to the Company's 2020 Vision initiatives which were initiated in fiscal 2016. The year-over-year increase in the Company's operating profit for the quarter was partially offset by one additional working day and the impact of the termination of a contract within the Company's Aviation business.

#### **Liquidity & Capital Structure**

The Company ended the quarter with total debt, including standby letters of credit, of \$392.4 million.

The Company did not repurchase any shares during the quarter.

In addition, the Company paid a quarterly cash dividend of \$0.170 per common share for a total distribution of \$9.5 million.

#### **Declaration of Quarterly Cash Dividend**

The Company also announced that the Board of Directors has declared a cash dividend of \$0.170 per common share for the third quarter of fiscal 2017 payable on November 6, 2017 to shareholders of record on October 5, 2017. This will be the Company's 206<sup>th</sup> consecutive quarterly cash dividend.

#### Guidance

The Company continues to quantify the full financial impact of its recently closed acquisition of GCA Services Group, which includes the continuation of the purchase accounting process and certain third-party valuations. As a result of the potential for these processes to have a material impact on future results, the Company is removing its previous guidance outlook.

D. Anthony Scaglione, Executive Vice President and Chief Financial Officer, concluded, "As we announced last week, we are thrilled to be expanding the ABM network with our acquisition of GCA Services Group and we welcome the valuable employees and clients of GCA. As expected, the next few months will involve a thorough and extensive integration process and the continuation of purchase accounting to quantify the full financial impact of our acquisition. Without the GCA transaction, our previous GAAP guidance would have been adjusted for the favorable impact related to expiring statutes of limitations for an uncertain tax position, partially offset by other Items Impacting Comparability. Our non-GAAP guidance range would have remained the same."

#### **Conference Call Information**

ABM will host its quarterly conference call for all interested parties on Thursday, September 7, 2017 at 8:30 AM (ET). The live conference call can be accessed via audio webcast under the "Events & Presentations" section of the Company's Investor Relations website, located at investor.abm.com, or by dialing (877) 451-6152 approximately 15 minutes prior to the scheduled time.

A supplemental presentation will accompany the webcast on the Company's website.

A replay will be available approximately two hours after the recording through September 14, 2017 and can be accessed by dialing (844) 512-2921 and then entering ID #13668937. An archive will also be available on the ABM website for 90 days.

#### Cautionary Statement under the Private Securities Litigation Reform Act of 1995

This press release contains both historical and forward-looking statements regarding ABM Industries Incorporated ("ABM") and its subsidiaries (collectively referred to as "ABM," "we," "us," "our," or the "Company"). We make forward-looking statements related to future expectations, estimates, and projections that are uncertain and often contain words such as "anticipate," "believe," "could," "estimate," "expect," "forecast," "intend," "likely," "may," "outlook," "plan," "predict," "should," "target," or other similar words or phrases. These statements are not quarantees of future performance and are subject to known and unknown risks, uncertainties, and assumptions that are difficult to predict. For us, particular risks and uncertainties that could cause our actual results to be materially different from those expressed in our forward-looking statements include the following: (1) we may not realize the growth opportunities and cost synergies that are anticipated from the acquisition of GCA Services Group ("GCA"); (2) we have incurred a substantial amount of debt to complete the acquisition of GCA, and to service our debt we will require a significant amount of cash; (3) changes to our businesses, operating structure, financial reporting structure, or personnel relating to the implementation of our 2020 Vision strategic transformation initiative; (4) unfavorable developments in our class and representative actions and other lawsuits alleging various claims; (5) increases in estimates of ultimate insurance losses; (6) our risk management and safety programs may not be successful in achieving anticipated improvements; (7) challenges preserving long-term client relationships, passing through costs to clients, responding to competitive pressures, and retaining qualified personnel; (8) unexpected tax liabilities or changes in tax laws; (9) the impact of Hurricane Harvey on our business is currently unknown as the flooding it caused has disrupted operations at our Shared Services Center in Sugar Land, TX and impacted services we provide to clients in the Houston area and the time frame to resume operations and provision of services to impacted clients is uncertain; (10) deterioration of general economic conditions and resulting reductions in commercial office building occupancy; (11) impairment of goodwill and long-lived assets; (12) changes in immigration laws, or enforcement actions or investigations under such laws; (13) failure of our joint venture partners to perform their obligations; (14) losses or other incidents at facilities in which we operate; (15) difficulty responding to cyber-security incidents and business interruptions; (16) liabilities associated with participation in multiemployer pension plans; (17) actions of activist investors; and (18) weather conditions, catastrophic events, and terrorist attacks.

#### **Use of Non-GAAP Financial Information**

To supplement ABM's consolidated financial information, the Company has presented income from continuing operations and income from continuing operations per diluted share as adjusted for items impacting comparability, for the third quarter and fiscal years 2017 and 2016. These adjustments have been made with the intent of providing financial measures that give management and investors a better understanding of the underlying operational results and trends as well as ABM's operational performance. In addition, the Company has presented earnings before income from discontinued operations, net of taxes, interest, taxes, depreciation and amortization and excluding items impacting comparability (adjusted EBITDA) for the third quarter of fiscal years 2017 and 2016. Adjusted EBITDA is among the indicators management uses as a basis for planning and forecasting future periods. The presentation of these non-GAAP financial measures is not meant to be considered in isolation or as a substitute for financial statements prepared in accordance with accounting principles generally accepted in the United States of America. (See accompanying financial tables for supplemental financial data and corresponding reconciliations to certain GAAP financial measures.)

<sup>(</sup>a) The Company adjusts income from continuing operations to exclude the impact of certain items that are unusual, non-recurring, or otherwise do not reflect management's views of the underlying operational results and trends of the Company.

<sup>(</sup>b) Represents adjustments to our self-insurance reserve for general liability, workers' compensation and automobile claims related to prior period accident years. Management believes these prior period reserve changes do not illustrate the performance of the Company's normal ongoing operations given the current year's insurance expense is estimated by management in conjunction with the Company's outside actuary to take into consideration past history and current costs and regulatory trends. Once the Company develops its best estimate of insurance expense premiums for the year, the Company fully allocates such costs out to the business leaders to hold them accountable for the current year costs within operations. However, since these prior period reserve changes relate to claims that could date back many years, current management has limited ability to influence the ultimate development of the prior year changes. Accordingly, including the prior period reserve changes in the Company's current operational results would not depict how the business is run as the Company holds its management accountable for the current year's operational performance. The Company believes the exclusion of the self-insurance adjustment from income from continuing operations is useful to investors by enabling them to better assess our operating performance in the context of current year profitability.

<sup>(</sup>c) FY17 represents reimbursement of previously expensed legal and other costs incurred in connection with an internal investigation into a foreign entity affiliated with a former joint venture partner.

<sup>(</sup>e) YTD FY16 amount includes costs related to a reserve established for an outstanding client receivable that is being litigated, and a significant portion of the outstanding receivable amount is no longer deemed collectible.

<sup>(</sup>f) The Company's share of a gain associated with property sales completed by one of its investments in a low income housing partnership.

- <sup>(g)</sup> The Company's tax impact is calculated using the federal and state statutory rate of 41.5%, with the exception of an impairment recovery and gain on sale related to the Company's Government Services business, for which a 39.0% tax rate was applied. We calculate tax from the underlying whole-dollar amounts, as a result, certain amounts may not recalculate based on reported numbers due to rounding.
- (h) Adjusted EBITDA does not include interest income for certain long term energy contracts, in which case a gross up of both interest income and interest expense is being recorded.
- (i) FY'17 and FY'16 include a tax benefit of \$14.6M and \$18.0M, respectively, related to expiring statute of limitations.

Forward-Looking Statements and Non-GAAP Financial Information:
Our discussions during this conference call and in this presentation will include forward-looking statements. Actual results could differ materially from those projected in the forward-looking statements. Some of the factors that could cause actual results to differ are discussed in the Company's 2016 Annual Report on Form 10-K and in our 2017 reports on Form 10-C and Form 8-K. These reports are available on our website at http://investor.abm.com under "Company Information". A description of other factors that could cause actual results to differ is also set forth at the end of this presentation.

Also, the discussion during this conference call and in this presentation will include certain financial measures that were not prepared in accordance with U.S. generally accepted accounting principles ("U.S. GAAP"). Please see the Appendix for reconciliations of those historical non-GAAP financial measures and for information relating to the use of certain other non-GAAP financial measures. Reconciliations of certain non-GAAP financial measures can also be found on the Investor Relations portion of our website at http://investor.abm.com.

# **Forward-Looking Statements**

This presentation contains both historical and forward-looking statements regarding ABM Industries Incorporated ("ABM") and its subsidiaries (collectively referred to as "ABM," "we," "us," "our," or the "Company"). We make forward-looking statements related to future expectations, estimates, and projections that are uncertain and often contain words such as "anticipate," "believe," "could," "estimate," forecast," intend," "likely," "may," "outlook," "plan," "predict," "should," "target," or other similar words or phrases. These statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties, and assumptions that are difficult to predict. For us, particular risks and uncertainties that could cause our actual results to be materially different from those expressed in our forward-looking statements include the following: (1) we may not realize the growth opportunities and cost synergies that are anticipated from the acquisition of GCA, and to service our debt we will require a significant amount of cash, (3) changes to our businesses, operating structure, financial reporting structure, or personnel relating to the implementation of our 2020 Vision strategic transformation initiative, (4) unfavorable developments in our class and representative actions and other lawsuits alleging various claims; (5) increases in estimates of ultimate insurance losses; (6) our risk management and safety programs may not be successful in achieving anticipated improvements; (7) challenges preserving long-term client relationships, passing through costs to clients, responding to competitive pressures, and retaining qualified personnel; (8) unexpected tax liabilities or changes in tax laws; (9) the impact of Hurricane Harvey on our business is currently unknown as the flooding it caused has disrupted operations at our Shared Services Center in Sugar Land, TX and impacted services we provide to clients in the Houston area and the time frame to resume operations and provision of services to im

Additional information regarding these and other risks and uncertainties we face is contained in our Annual Report on Form 10-K for the year ended October 31, 2016 and in other reports we file from time to time with the Securities and Exchange Commission (including all amendments to those reports). We urge readers to consider these risks and uncertainties in evaluating our forward-looking statements. We caution readers not to place undue reliance upon any such forward-looking statements, which speak only as of the date made. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events, or otherwise, except as required by law.

# **Use of Non-GAAP Financial Information**

The discussion during this conference call and the accompanying presentation will include certain financial measures that were not prepared in accordance with U.S. generally accepted accounting principles ("U.S. GAAP"). Reconciliations of historical non-GAAP financial measures to the most directly comparable U.S. GAAP financial measures can be found on the Investor Relations portion of our website at http://investor.abm.com and in this Appendix. Our discussion and presentation will also include an estimate of GCA's adjusted EBITDA contribution and total debt to pro formal lender-adjusted EBITDA, which includes an estimate for adjusted EBITDA is a non-GAAP financial measure which represents earnings before interest, taxes, depreciation, amortization and other adjustments. Lender-adjusted EBITDA is a non-GAAP financial measure utilized in the financial covenants contained in the Company's credit agreement. GCA uses adjusted EBITDA as a measurement of financial results and as an indication of the relative strength of operating performance. The Company's estimate of GCA's adjusted EBITDA and lender-adjusted EBITDA are based only on projected financial information. These non-GAAP financial measures are not intended to replace the presentation of financial results in accordance with U.S. GAAP. These non-GAAP financial measures may not be comparable to similar measures used by other companies and may exclude certain nondiscretionary expenses and reflect other adjustments. Reconciliations of these forward-looking non-GAAP financial measures to the uncertainty and inherent difficulty of predicting the occurrence and the financial impact of information concerning amounts of certain items excluded from adjusted EBITDA and lender-adjusted EBITDA, such as amortization and taxes and items impacting comparability, which are not determinable on a forward-looking basis at this time
